

Product Life Cycle Announcement: FortiAP-220B

July 8, 2013

With the release of this announcement, Fortinet is notifying partners of the company's intent to discontinue the sale of the following products:

FortiAP-220B

Fortinet recommends the following migration path for the products being discontinued:

Current SKU	Description	Replacement SKU	Description
FAP-220B	Dual Band – Dual Radio controller based thin access point – supports 802.11 b/g/n on R2, 802.11 a/b/g/n on R1 at 300Mbps. PoE power option, AC power adaptor included. Mounting Kit is not included.	FAP-221B	Dual Band - Dual concurrent radio controller based thin access point with smoke detector appearance- Radio 1 supports 802.11 a/b/g/n at 300Mbps and Radio 2 supports 802.11 b/g/n at 300Mbps. Mounting Kit is included, but AC power adaptor is not included. IEEE 802.3af PoE power option.

Per the terms of the Fortinet Life Cycle Policy, Fortinet will continue to provide hardware support services for a minimum of twelve (12) months from the End of Order (EOO) milestone. The EOO milestone for a given product represents the last date that Fortinet will accept new orders for fulfillment. RMA/Replacements after the EOO milestone may include “like-for-like replacements” or an “enhanced replacement”. In the case of enhanced replacement, changes to the customer's network or upgrade to a currently supported software release may be required.

Product Life Cycle Milestones	
End of Orders (EOO)	October 6, 2013
Last date to purchase new maintenance contract	October 6, 2013
Last date to extend an existing maintenance contract	October 6, 2017
Product support expires	October 6, 2018

Additional information about the Fortinet life cycle policy can be found in the Fortinet Life Cycle Policy document, found in the Fortinet Support Portal at:
